Overview of Ministry

Between Two Trees Ministries is neither a facility nor a series of programs. It is a couple with a passion for building strong, healthy relationships in a biblically structured community. Rhonda and Curt's marriage of more than 30 years is characterized by growth and learning. They are certified marriage and relationship coaches. They focus on skill building, coaching, and romance to help couples enjoy lifelong, growing relationships -- founded on a vital and biblical Theology of Marriage. Experienced in church and para-church ministries, the Hamners have the heart and experience to answer the question, "Who shepherds the shepherd?" In addition, to caring for ministry leaders and their spouses, BTT consults with churches to maximize their resources to strengthen marriages, as well as coaching and counseling couples.
