Overview of Business

Convene™ is a gathering of Christian CEOs and Business Owners helping each other build better businesses, increase leadership success, and have greater Kingdom impact.

Convene members benefit from Convene Forum Days (peer-to-peer mentoring), One2One executive coaching sessions, and the Convene Community (a national network of like-minded CEOs and Business Owners).

Our vision is to see thousands of CEOs and Business Owners convene in local groups around the world embracing God's model for transformation while leading lives and businesses more significant than they ever dreamed.

Potential TBG Opportunities to Get Involved

1. Recommend a successful Christian business person as a potential Chair (group leader)
2. Recommend a Christian CEO or Business Owner as a potential member
3. Share a story of how God has used you in the marketplace to point people to Him
