Overview of Ministry

Stand to Reason equips Christian ambassadors with knowledge, wisdom, and character. An effective ambassador has three essential skills:

Knowledge - an accurate grasp of the foundational precepts of the Kingdom

Wisdom - skillful, tactical, fair, and diplomatic use of knowledge

Character - a mature expression of virtue, warmth, and personal depth

Stand to Reason trains Christians to think more clearly about their faith and to make an even-handed, incisive, yet gracious defense for classical Christianity and classical Christian values in the public square.

STR teaches the value of using our minds to love God and share the Gospel. We teach careful reasoning and well thought-out answers so that Christians will participate in public discussion (at home, at work, or at the university) so that the Christian view of reality has a place in the debate. We encourage Christians to develop coherent answers to questions that challenge Christianity so that their faith is deepened and thereby they are emboldened to share the Gospel.

Our strategic application includes our webpage as a center for training, resources, a weekly radio program and podcast, in-person training, and educational curricula.

1. Visit the website with hundreds of pages of free resources. Visit the blog daily to read a thoughtful application of the Christian worldview to current events and news. Subscribe to the weekly podcast.
2. Participate financially with a onetime gift or a monthly pledge.
3. Invite Greg Koukl or one of our other speakers to train your church or group.
