### **Overview of Ministry**

WING Ministries, Inc. is a biblically based Christian women's mentoring ministry. We provide the WING Ministries Program structure and materials for churches to purchase and implement. Our fourfold purpose is spiritual growth, leadership development, church unity, and a godly witness. When a church implements this six-month program, they develop a multi-generation leadership team to administer it, pair young women in their 20s or 30s with women ages 40 and older, and organize five events for the matches to attend, which take place in a woman's home. The main desire of each woman involved is to grow in her relationship with Jesus Christ and use her gifts and talents to glorify God. It relies on the word of God and prayer through the power of the Holy Spirit.

### **Potential TBG Opportunities to Get Involved**
