### **Overview of Ministry**

Dynamic Church Planting International (DCPI) equips leaders to plant dynamic churches to reach the world for Christ. This is done primarily through global training.

There are five basic training tracks. We train indigenous leaders to plant churches that plant churches. Indigenous Master Trainers are empowered to certify trainers so church planters can be equipped on an ongoing basis in every country.

Our vision is to impact the planting of one million churches to reach the world for Christ. To date, the harvest from DCPI training is over 72,000 churches planted in 83 countries.

### **Potential TBG Opportunities to Get Involved**

1. Many opportunities to volunteer your time
2. Sponsor a country for DCPI leadership training
3. Assist in Capital Campaign to help fund training project
