Overview of Ministry

Groundwire is leveraging the mainstream media to broadcast biblical hope to every student. By placing Christ-centered spots on secular radio stations and on TV stations such as MTV, VH1, and Cartoon Network, millions are hearing. Each commercial pushes people to www.groundwire.net where volunteer coaches are waiting to listen, pray, and share of God's amazing love. Our online spiritual coaches speak hope to those dealing with life and death needs ranging from pregnancy, self-mutilation, rape, suicide, addictions, and homosexuality.

Groundwire is currently sharing Christ with over 13,000,000 people on a weekly basis on both secular and Christian outlets.
